TO: Whom It May Concern

ATTN: Janice Brown

SUBJECT: AccuPAR LP-80 Ceptometer

To Whom It May Concern:

Decagon Devices, Inc. (DDI) is the sole manufacture of the AccuPAR LP-80 Ceptometer. DDI sells direct to researchers in the United States and does not have any distributors or resellers in the US.

The AccuPAR LP-80 Ceptometer has the most available sensors per cm. Our model includes many of the features that you must buy separately with other systems. This makes for a more cost productive instrument for your needs. If you have any questions about the AccuPAR LP-80 please contact Decagon Devices, Inc. at 1-800-755-2751.

Thank you,

Dr. Steven Garrity
Canopy Product Manager
