

METER

ZL6 Pro

EVERYTHING INCLUDED, AND MORE

The ZL6 Pro data logger is an all-in-one package for people who want state-of-the-art, cloud-based data delivery without spending much time and effort on it. It puts data collection and management on auto-pilot, so you can focus on what you love. How? We've added things like automated 15-minute real-time data uploads, automatic cloud backup, free install kit, 3 years of free yearly tune-ups, an increased 3-year warranty, and ZENTRA Cloud for 3 years. Plus, the ZL6 Pro data logger is simple to install, uber-robust, and comes with Bluetooth® configuration, GPS, firmware-over-the-air updates, and integrated metadata, all which automate, simplify, and speed up the process of data collection, management, and sharing.

FEATURE SUMMARY

- Configure via Bluetooth with the ZENTRA Utility app for iOS and Android
- Plug and play with METER sensors
- Six sensor ports
- Automated 15-minute real-time data uploads (user-activated during setup or remotely)
